

Selecting specific parameters for append utm

In some rare instances, you might want to specify certain parameters to append and exclude the rest. Make your selections below, and only the chosen parameters will be appended to the links. This also applies to the utm-out, utm-out-js and utm-src feature. If no selection is made below, all parameters will be appended by default.

Simply click Append UTM tab:

The screenshot shows the 'HandL UTM Grabber' interface. The top navigation bar includes 'My Sites', 'HandL UTM Grabber - Sandbox', '60', '0', '+ New', and 'Forms'. The left sidebar contains a menu with 'Dashboard', 'Posts', 'Media', 'Forms', 'Pages', 'Comments', 'Appearance', 'Plugins', 'Users', 'Tools', 'Settings', 'UTM', 'Apps', and 'Collapse menu'. The 'UTM' section is expanded, showing 'UTM' and 'Apps'. The main content area is titled 'HandL UTM Grabber' and features several tabs: 'HandL Options', 'Append UTM' (selected), 'Custom Fields', 'GDPR', 'Gravity Forms', 'Predefined Variables', and 'Facebook CAPI'. Below the tabs, a section titled 'What is this?' contains the text: 'In some rare instances, you might want to specify certain parameters to append and exclude the rest. Make your selections below, and only the chosen parameters will be appended to the links. This also applies to the utm-out, utm-out-js and utm-src feature. If no selection is made below, all parameters will be appended by default.' Under the heading 'Fields to Append', there is a 'Select All' checkbox and a list of checkboxes for various parameters. The 'utm_source' and 'utm_medium' checkboxes are checked, while the others are unchecked. At the bottom left of the main content area, there is a 'Save Changes' button.
