

Collect UTMs in YITH (Native Integration)

This is only supported in V3.

There is no setup required for this :)

After quote is taken by a user, all the UTMs will appear in WooCommerce on order page.

The screenshot displays the WooCommerce 'Order #66 details' page. The left sidebar contains navigation links: Posts, Media, Pages, Comments, WooCommerce (active), Home, Orders (2), Customers, Coupons, Reports, Settings, Status, Extensions, Products, Analytics, Marketing, Appearance, Plugins, Users, Tools, Settings, UTM, and Collapse menu. The main content area is divided into sections: 'Order #66 details' (Payment via Direct bank transfer. Paid on August 28, 2020 @ 5:59 am. Below these is a table with columns 'Item', 'Cost', 'Qty', and 'Total'. The table shows one item, 'Test Product', with a cost of £5.00, quantity of 1, and total of £5.00. The table also shows 'Items Subtotal: £5.00', 'Order Total: £5.00', and 'Paid: £5.00'. A 'Refund' button is visible.
